

9th International Conference on

Computational Management Science

18-20 April 2012, Imperial College London

The CMS conference is an annual meeting associated with the journal of Computational Management Science published by Springer. The aim of this conference is to provide a forum for theoreticians and practitioners from academia and industry to exchange knowledge, ideas and results in a broad range of topics relevant to the theory and practice of computational methods, models and empirical analysis for decision making in economics, engineering, finance and management.

The conference is organised jointly by:

Department of Computing and
Centre for Process Systems Engineering,
Imperial College London.

A **CMS BEST STUDENT PAPER PRIZE** will be awarded.

Imperial College London
South Kensington Campus
London, SW7 2AZ

email: cms2012@imperial.ac.uk

Organisers:

Daniel Kuhn
Panos Parpas
Efstratios N. Pistikopoulos
Berç Rustem
Wolfram Wiesemann

Keynote Speakers:

Ignacio Grossmann
(Carnegie Mellon University)
Melvyn Sim
(National University of Singapore)
Yves Smeers
(Université Catholique de Louvain)
Stein Wallace
(Lancaster University)

Deadlines:

10 Feb - Invited Session
Proposals
10 Feb - Abstract Submission
24 Feb - Notification of
Acceptance
09 Mar - Early Registration
